

## WEEK OF APRIL 5 2026

**From Woody:** Many thanks to all who made our services meaningful and special during Holy Week. A special thanks to Dan and Shepard for a delicious Easter breakfast. It is incongruous to think about the meaning of Easter and then to watch the news. Our threatening and executing the terror of war on the people trying to live their lives in peace is awful. It is time to stop the killing and take our resources and put them to better use such as feeding the hungry and caring for the sick. Life on this small planet should focus on cooperation as opposed to threats and actions of annihilation.

On Easter Sunday, if we are serious about its' meaning, we should be celebrating life and love, as personified in our Lord Jesus. Sorry for the ranting so I will end with a thought. If you want a good diversion watch some of the dog and cat videos on You Tube. They are heartwarming and encouraging. Some of them make me cry because of the loyalty of the animals. I think when we elect leaders perhaps we should check to see if they have pets to help ground them. I know how much joy our new doggie Annie brings Barbi and I. Let's get the President and the new Ayatollah some dogs.
